# MobileApps Co
# APPLICATION FEEDBACK

---

Date: December 21, 2025

Dear **Ashok Kumar**,

Thank you for your interest in the **React Native Developer** position at **MobileApps Co** and for taking the time to apply. We appreciate your effort and the opportunity to learn about your background and skills.

After careful evaluation of your application using our AI-powered assessment system, we regret to inform you that we are unable to proceed with your candidacy at this time. Your profile scored **15%**, which falls below our threshold for this particular role.

Please note that this decision does not reflect on your overall abilities or potential. Below, we provide detailed feedback to help you improve your chances in future applications.

## Your Application Analysis

| | |
|---|---|
| **Overall Match Score:** | 15% |
| **Skills Match:** | 0% |
| **ATS Score:** | 10% |

## Missing Skills for This Role

- ios
- typescript
- redux
- android
- rest api
- react native

- javascript

## Areas for Improvement

  - Missing key skills: ios, typescript, redux, android, rest api
  - Resume formatting needs improvement for better ATS compatibility
  - Experience gap: 2 more year(s) needed

## Recommendations

  → Consider learning ios to improve your profile

  → Consider learning typescript to improve your profile

  → Consider learning redux to improve your profile

  → Update your resume with more relevant keywords

  → Add more project descriptions highlighting your skills

## Moving Forward

We encourage you to continue developing your skills and to reapply for future openings that match your profile. Our job portal is continuously updated with new opportunities.

Tips to improve your candidacy:

  - Update your resume with relevant keywords and quantified achievements
  - Complete online courses for skills you're missing
  - Ensure your resume is ATS-friendly with clear formatting
  - Build projects that showcase your technical abilities

We wish you all the best in your job search and future career endeavors.

Best Regards,

**HR Team**
